Opportunity Description

To be an ESU Performing Shakespeare Coordinator you'll need excellent planning and organisational skills, an ability to motivate others and the ability to develop relationships with schools. Through organising competition heats, you will help to develop young people's confidence, knowledge and skills in performance and oracy.

You will be equally at ease working independently or as part of a team, not least with Branch Chairs (if applicable). Your attention to detail will ensure you can also capture and return results in writing via the competition matrix in a timely fashion to aid the smooth running of further heats.

In return you will be part of a wide network of volunteers and get to see first-hand the power of voice and the positive impact it can have on young people.
